TROY

- It gives students a chance to express their views about their student experience
- It forms part of the quality assurance framework for higher education
- It provides institutions with important information about their performance
- It provides essential information for future/potential students when considering where and what to study.

http://www.lse.ac.uk/intranet/LSEServices/TQARO/National-Student-Survey-Results-and-Guide.aspx

Eligible students (College of Education/Division of Education Internship candidates) receive a URL address during their final notebook review session inviting them to complete the survey

Teaching begins with the learner. To ensure that each student learns new knowledge and skills, teachers must understand that learning and developmental patterns vary among individuals, that learners bring unique individual differences to the learning

implement and interpret results from a range of formative and summative assessments. This knowledge is integrated into
