Athletic Training Education Program

The mission of the undergraduate Athletic Training Education Program (ATEP) at Troy University is to provide quality didactic and clinical experiences to entry-level athletic training students through the development and utilization of interactive instructional methods and exposure to a variety of clinical education experiences and allied health professionals.

In 1989, funding for the preliminary development of an ATEP at Troy University was obtained through Alabama Sports Medicine and in-kind gifts. The Athletic Training Education Program leads to a Bachelor of Science degree within the College of Health and Human Services. The Athletic Training Education Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE), 2201 Double Creek Drive, Suite 5006, Round Rock, TX 78664. www.caate.net.

Bachelor of Science in Athletic Training Education

The Bachelor of Science in Athletic Training Education consists of two components: (1) pre-athletic training education courses and (2) Athletic Training Education Program courses (first, second and third year). All students must complete the courses for pre-athletic training education and the Athletic Training Education Program as described in the University catalog. The pre-athletic training education courses must be completed and approved by the ATEP director before a student is eligible for admission to the Athletic Training Education Program. All students must make formal application to the Athletic Training Education Program and meet all admission requirements. Completion of pre-athletic training education courses does not guarantee admission into the Athletic Training Education Program. Consult with the program director of Athletic Training Education Program.

90 · COLLEGE OF HEALTH AND HUMAN SERVICES

The Physical Education (P-12) course of study focuses on the study of human movement as it relates to the cognitive, affective, and psychomotor domain of teaching and learning, as well as the facets related to health and physical education.

applicants. Applicants receive a ranking based on measurable criteria (i.e., test scores, GPA, etc.). Deadline for filing application and all required admission documentation is May 30 for fall admission and Oct. 1 for spring admission.

Admission to the ASN Program is Completed in TWO steps:

STEP I

For admission to the ASN program, the student must:

- submit application for admission to undergraduate stud-1. ies with \$30 application fee;
- submit Official high school transcript or the equivalent 2. (GED). A high school transcript or GED is not required for students transferring in a minimum 24 semester hours of college credit;
- submit Official admission test scores. The ASN program 3. accepts the following tests with a minimum score as shown: ACT (20 composite) SAT (950 verbal and math)

credited institution exempts a student from the admission test requirement;

- submit Official transcripts from all colleges and univer-4. sities attended;
- have a minimum grade point average GPA of at least 5. 2.5/4.0 scale on all college work attempted at the undergraduate level and a minimum grade point average of at least 2.5/4.0 scale on all college work attempted at Troy University at the undergraduate level. If less than 24 SH of college work has been attempted, you must have a minimum 2.5/4.0 High School GPA or a GED with a score of 500: and
- be able to achieve certain core performance standards 6. required for duties of the nursing profession (copy of standards available upon request).

When ENG 1101, PSY 2200, MTH 1112, BIO 3347 and BIO L347 have been completed with a grade of C or better, the student may proceed to step II.

STEP II

For admission to the ASN nursing course sequence (NSG 1131, NSG 1135, 1151, etc.), the student must:

- 1. meet all admission requirements under Step I;
- 2.

Oct. 1 for spring semester admission);

have maintained an overall GPA of at least 2.5 on 4.0 3. scale on all college work attempted.

NOTE: If a student is attempting to transfer credit for nursing courses from another school of nursing (which must be NLNAC accredited), a letter from the dean/director of that school must be submitted stating that the student was eligible for continuation in the nursing program. If the student was not eligible for continuation in the program, the student must take all required Troy University ASN nursing courses (i.e., no nursing courses will be transferred).

Progression

- Student must maintain an overall Troy University GPA of at а least 2.0 on 4.0 scale while enrolled in nursing courses.
- Student must earn a grade of C or better in each required h course.
- A student will be able to repeat a nursing course only one C.

time to achieve a grade of C or better.

- A grade of D or F in more than seven semester hours of nursd. ing courses will result in automatic dismissal from the ASN Program. These seven hours also include nutrition (NSG 2213 or 2204.)
- Student must make 85% or higher on a dosage and solutions e. calculation examination in NSG 1151 to progress in the program.
- f. Student must complete the program within four years from the date of initial enrollment in the first clinical nursing course (NSG 1131).
- Students who drop, fail or withdraw from NSG 1131 must g. reapply by following Step II of the ASN admission process (i.e., these students will be included with the new pool of applicants in the selective admission process and should understand that they may or may not be selected for a slot in the new dass);
- Re-enfrollment in a nursing course will depend on space availh. ability.

Degree

Upon satisfactory completion of the program, the student is awarded the Associate of Science in Nursing degree and may then apply to the Board of Nursing to write the licensing examination to become a registered nurse (RN).

Location

The ASN program is located at 340 Montgomery Street, Montgomery, AL, 36104. The clinical facilities used for student learning experiences are located within an approximate 50-mile radius of Montgomery. Students are responsible for their transportation.
