The purpose of the University Honors Program is to offer the academically superior student a specially designed program, within a supportive community, that fosters critical thinking, intellectual development and social responsibility. This enhanced program is designed to provide a balance of common experience and flexibility addressed to individual achievement as well as a comprehensive framework on which to build disciplinary studies.

The Honors Program also has an honors house on campus which houses both male and female students. Students should consult with the director of the University Honors Program and the director of University Housing for availabilities and stipulations. The house serves as a residence and a focal point for meetings and activities with the Honors Alliance, faculty and staff in the Honors Program.

The official student voice within the program is the University Honors Alliance. Membership to the University Honors Alliance is offered to any student with a 3.25 grade point average or higher. There is an annual membership fee as well.

University Honors Program Requirements

I. Honors Versions of General Studies

Within the regular general studies requirements, the University Honors Scholar takes a minimum of 7 honors versions of general studies courses distributed over at least four disciplines. These courses are not taken in addition to the general studies courses; rather, they are taken in place of regular general studies courses. When the minimum number of honors versions of general studies courses is difficult to attain, the student, with the permission of the honors director, may take upper level courses in the general studies sequence to replace and count toward the credit of the honors version of general studies course(s). Students who score a 4 or higher on the AP exam in a subject area or a 5 on the IB exam will be awarded the appropriate honors credit to suffice the 7 courses over 4 discipline requirement. Students who earn an "A" in dual enrollment courses while in high school will be awarded the appropriate honors credit to fulfill the 7 courses over 4 discipline requirement.

II. Foreign Language Courses

The University Honors Scholar must take six hours of one foreign language (classical or modern) depending upon demonstration of proficiency. The student may take an additional language course, in addition to the six-hour requirement, to suffice as one of the seven courses and one of the general studies requirement mentioned above in Section I.

III. Leadership Minor and Courses (LDR)

The University Honors Scholar may take courses in the Leadership program to count towards the honors versions of general studies courses. These courses would count as one of the four discipline and would count toward the seven course requirement. Scholars may also pursue a leadership minor, with approval of director. This minor may count toward the requirement mentioned above. Please see the Leadership Studies section of this catalog for

a complete list of courses.
