The mission of the College of Education is to prepare educators, administrators, counselors, ASL interpreters and other professionals to be informed, reflective, and innovative practitioners who are effectively trained to achieve the goals, competencies, and skills identified by the accrediting and professional organizations specific for each program.

All certification programs are approved by the Alabama State Board of Education. Our professional educator programs are nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP). CAEP is recognized by the U.S. Department of Education and the Council for Higher Education Accreditation to accredit programs for the preparation of teachers and other school professionals.

The College of Education is committed to preparing professionals who will be prepared to meet the needs of the next decade. As part of ongoing planning and evaluation, the College of Education regularly evaluates student learning outcomes for each degree program.
